

ACCESSORIES (continued):

Model CBA Concave Barrel Attachment

The Model CBA Concave Barrel Attachment attaches directly to the strap bar with wing nuts and provides additional side to side stability for cylindrical loads such as drums and water heaters.

\$95.00

Model FHA File Handling Attachment

- Extension Arm, Strap Bar Post & Over Plate

The Model FHA is used to move one file cabinet into or out of a side-by-side bank of files very simply & safely. The 14" wide lift plate extender is placed under the front of the file. The telescoping extension arm, hinged to a vertical post on the strap bar, swings down and behind the file cabinet so that it can be moved out without having to strap around the file.

\$225.00

Model CGM Case Goods Mover

- Over Plate, Strap Bar Post & Ratchet Strap

The Model CGM Case Goods Mover fits over Ultra Lift's standard lift plate to provide a 19" x 24" deck for stacking up to 20 cases of product, paper, or supplies.

\$175.00

Model SCL Strap & Channel Loading System

- Low Profile Lock Channel
- Adjustable Loading Strap
- Safety Stop

The Strap & Channel Loading System enables one person with an Ultra Lift to very safely and easily move heavy loads on and off trucks.

\$125.00
